CATHOLIC SCHOOL
A NOTRE DAME ACE ACADEMY

Date: June 2, 2020

WHAT'S BEEN HAPPENING

We had to finish our school year using distance learning platforms; Seesaw for our PreK-3 classes and Google classroom for our 3-6 classes. Although this was not the ideal way to educate and continue to form relationships with our scholars we made the best of it. To send our 6th grade scholars off on their next journey we held a virtual Rite of Passage ceremony, on May 21, for our scholars, their family members, and a few guests. Congratulations 6th graders for your accomplishments and best of luck on your future ones.

SUMMER FOCUS

Core Value: Love

Root Belief: We are one family

Nguzo Saba: Umoja

CORE VALUE: LOVE

Usually once the school year comes to an end in the past we have paused our focus on core values, root beliefs and Nguzo Saba principles. This year, at this time, we will continue to share why Holy Angels a special place.

Our core value of LOVE is so

important during this time as we continue to witness unrest, inequality, and racism. At our school we honor that which makes each of us unique, as well as the common bonds that make us a strong community.

OUR PARTNERS

During the last couple of months we have provided our families with meals and essential items. As we transition into the summer we will continue to provide those meals, Tuesdays-Thursday sfrom 9 am - 1 pm.

The Notre Dame Club of Indianapolis is working to ensure that we have all of the materials that we need to help scholars succeed during this trying time. If there is something that your family needs-school supplies, clothing, food, internet access, technology, etc, please reach out to us and let us know how we can help. We believe that We are One Family and we want to do what we can to help all scholars be successful.

ROOT BELIEF: WE ARE ONE FAMILY

At Holy Angels we have the root belief: we are one family; home, school, and community. To all of our scholars and families who have experienced adversity or inequality, know that we stand with you and for you. The world we are living in is chaotic and unpredictable, which is impacting all of us in different ways. The best way for our community to address issues of injustice, police brutality, inequality, and racism is by being united as one family; home, school, and community. We must continue to instill our core values, root beliefs, habits, Nguzo Saba principles, and prayer to our scholars. In order for us to see the systemic change that is needed we must stay united, being an example to our young people and educate them about these issues that relate to their world. That's when we will move from being apart from our community to being a part of it; continuing to work toward our vision of revitalizing and transforming our community.
