EDUCATOR FOCUS

As most of you know Mrs. Miller retired at the end of this school year. We want to thank her for her dedication to education, especially her three years of service at Holy Angels Catholic School.

Mrs. Miller focused each day on ensuring her scholars were loved and cared for, first and foremost. On top of that, she also spent countless hours preparing engaging lessons that were fun and interactive for her scholars. We will miss her hard work and dedication. We wish her the best in retirement.

SUMMER ENRICHMENT PROGRAM

This summer Holy Angels launched their Summer Enrichment program in partnership with Marian University. Research shows the number one determining factor in student achievement is teacher quality. Marian has made a commitment to educating and developing next-generation teachers and leaders. Holy Angels Catholic School has developed a vision of transforming and revitalizing our community by becoming the highest performing urban, Catholic school in the city of Indianapolis. To achieve both of these visions we must recognize, ready, and reinforce high quality teaching. It is not just about lesson plans, procedures, and academics; it is about the value of unconditional love created by strong teacher-scholar relationships that will have a continued impact on the lives of all involved. Developing this partnership between the Klipsch Educators College and Holy Angels Catholic School has created an opportunity for future educators to get real life experiences in a classroom setting and scholars to continue their academic growth over the course of the summer.
