

**Holy Angels**  
CATHOLIC SCHOOL  
A NOTRE DAME ACE ACADEMY

## The Pledge of African Drummers

**African Drummers seek to lead our school.**

They are expected to maintain that leadership and show respect and responsibility in all aspects of school life.

**I will lead my school.**

**African Drummers persist in the classroom.**

They are expected to always try their personal best academically, and consistently progress in the classroom.

**I will persist in the classroom.**

**African Drummers excel at drumming.**

They are expected to come to drumming practice ready to better themselves. They will constantly be working to improve their musicianship.

**I will excel at drumming.**

**African Drummers love their school.**

Our drumming program is at the heart of what it means to be a Holy Angels Eagle. They are expected to participate in this program and all school activities with a love and respect for their school and community, and be an example for others to follow.

**I will love my school.**

**African Drummers serve their community.**

They are expected to participate in events both during and outside of the school day, when asked.

They represent the best of Holy Angels, and will serve whenever they are able.

**I will serve my community.**
